

Experienced Leader

Dr. Bristol (NurseTim) has been leading teams to Haiti since 2007. Through these trips, and other work in Haiti, he has guided over 250 people through activities related to healthcare, nursing, social impact, emergency response, missions, community development and much more. This is your opportunity to help make a difference by being a part of this life-changing experience.

Who Would Benefit From This Trip?

Nurses, students, faculty, and all those interested in impacting our global community will find this trip life changing. With two trips per year, each October and March, you can decide which works best with your schedule.

Where Will We Be Staying?

We will partner with the FSIL Nursing program of the Episcopal University of Haiti (www.haitinursing.org / www.fsil.org). This school is located in the coastal town of Léogane, Haiti and has gained a reputation for being the leader in nursing in Haiti. The school is funded in part by the Haiti Nursing Foundation and other international donors. These accommodations are modern and provide excellent opportunities to build relationships with Haitian nurses, faculty, students, doctors, and members of the community.

How Will We Be Serving?

Currently, the agenda includes hospital, pediatric, community, and orphanage experiences. There will be one day of recreation (beaches are involved). English-speaking nurses and students will be translating, as will other professional Haitians we have worked with over the years.

Logistics

The team will fly as a group into Port-au-Prince. A team from FSIL will be ready to receive everyone. Once all are loaded on the shuttles, the group will travel 90 minutes to Léogane. Most of the week's activities will happen in Léogane.

Cost

\$1775.00 is the cost for this trip. It includes all room, board, and travel in country. It also includes one recreational day, translator, and other planned event services. This price does not include airfare. Airfare must be approved by NurseTim staff before it is purchased.

Nusing Contact Hours

23.5 hours of nursing continuing education will be awarded upon completion of CE criteria. Certificates of completion will also be provided if requested.

NurseTim, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. CE completion criteria include: payment of fee, attendance of the entire event, and submission of a completed evaluation tool.

All faculty and planners at nursing continuing education activities are required to disclose to the audience (1) any significant financial relationships with the manufacturer(s) of any commercial products, goods, or services and (2) any unlabeled/unapproved uses of drugs or devices discussed in their presentations. Such disclosures will be made in writing in the course presentation materials.
