“The Faculty and I just love NurseTim, Inc. It is a very affordable way to attend outstanding conferences/webinars. We actually have several Faculty Development days throughout the year and we utilize NurseTim webinars as part of this. Many Faculty view the webinars at home. I love the fact that I can be sitting anywhere and use my kindle fire to watch a webinar. We recently had an NLNAC Accreditation visit and they were pleased with us using this product. I can’t thank you enough for keeping this wonderful program going.”
